

Northern Light® LED Upgrade

Upgrade your GII series cap lamp to the LED Upgrade kit in minutes and start saving on bulb and maintenance costs.

Life time expectancy is far beyond that of ordinary bulbs, The GII LED offers 30-40% better efficiency than ordinary light bulbs, This means minimal downtime for your cap lamp.\$

LEDs are rugged, solid state devices. They are not at risk to shock and vibration, as incandescent filaments are. The lights can withstand far more abuse than glass-based bulbs, while remaining functional.

Total bulb savings per year

	Year 1	Year 2	Year 3	Year 4	Total
50 Units	\$1,900	\$1,900	\$1,900	\$1,900	\$7,600
100 Units	\$3,800	\$3,800	\$3,800	\$3,800	\$15,000
200 Units	\$7,600	\$7,600	\$7,600	\$7,600	\$30,000
500 Units	\$19,000	\$19,000	\$19,000	\$19,000	\$76,000

Specifications:

Illuminance: (Lux at 1.2 meters)	3000 typical
Luminous Flux: (Lumens)	58 typical
Forward Voltage: (mV)	3.7 typical
Light source life	25,000 hrs
Source of light	LED 3 W
Part# GHL5100
