Predator: The Hunt is on! cap lamp

Designed specifically for the outdoor enthusiast, the Predator by Northern Light Technologies is a true professional hunting head lamp.

Light-weight, rechargeable and cordless, the Predator encompasses additional utility that traditional lamps simply cannot match up to. Featuring three different light settings and more than 20 hours of illumination on a medium setting, the Predator also has a super high beam option and a patented reflector for the ultimate light output and a perfectly focused spot. This cutting edge light technology, the variable light settings and colored filters make the Predator a head lamp that is perfectly tailored to the needs of hunters and avid outdoorsmen.

Specifications:

Battery Charge Time
< 12 hours

Battery Discharge Time
• Main LED > 4 hours

Emergency Flashing
• Activated with 5-second hold-down

Battery Lifecycle
• 500 Minimum

Weight
• 0.41 LBS (170 GR)

LUX
• 8,000 (for high beam)

Charger configurations
• Single, 10 and 24 unit modules 48 unit rack; 12V DC adapter for vehicle connection

Charger Power Source
• AC line voltage range from 120V +/- 10%, 220V +/- 10%,

• 12V AC input can also be used in case of retrofit to existing racks and transformers

Charger Temperature Range
• 5°C - 35°C / 41°F - 95°F (Optimum: 15°C - 20°C / 59°F - 68°F)

Lamp Storage Temperature
• 0°C - 60°C / 32°F - 140°F (Optimum 10°C - 20°C / 50°F - 68°F)

Primary LED Life
• 20,000 hours

Secondary LED Life
• 20,000 hours

Ingress Protection
• IP 67

Operating Ambient Temperature
• Ta = 0°C - 60°C / 32°F - 140°F

Charging Current
• 300mA

Pending Approvals
• I None
