This 8 month contract position is ideal for a recent graduate of a Computer Engineering or Computer Science program. The candidate will be responsible for setting up and maintaining computer networks and peripheral devices for the Engineering department as well as helping to maintain office workstations and support users. They will also implement and evaluate QA approaches to testing software and hardware. This includes defining test plans, creating, documenting, verifying and executing test cases.

DUTIES AND RESPONSIBILITIES

- Troubleshoot TCP/IP networking hardware, software and provide detailed analysis of networking problems by using the proper diagnostic tools for Ethernet and Wi-Fi. Maintain and monitor existing infrastructure.
- Setup and maintain office workstations for all departments and support users.
- Set up and execute tests, documents results and prepare test reports.
- Provide input to the preparation to test descriptions.
- Reporting on test progress and interpretation of trend data and other metrics.
- Provide ongoing improvement of test methods, practices, test facilities.
- Set up and maintain virtual machines for test and development purposes.
- May be involved in the management and administration of the test facility, test equipment, and test tools.
- Occasional travel and work in rugged industrial environment.
- Other duties as assigned

QUALIFICATIONS

- Recent graduate of a Computer Engineering or Computer Science program.
- Knowledge of computer operating system installation and virtual machines.
- Knowledge of TCP/IP and Wi-Fi networks including switches, firewalls etc.
- Excellent communications skills, both oral and written.

How to Apply

Our online application will give you the option to apply to this role as a complete candidate and not just a resume.

Apply at: <https://www.fitzii.com/apply/32677?s=fc>

The application will assess your qualifications, personality traits and workplace preferences, and should take 10 to 15 minutes to complete. You can get a copy of your assessment when you're done by logging back into the application tool.

If you require any accommodation in the application process, please contact us with the "Need Help" button in the application.

We will review applications as they are received and look forward to hearing from you.
